Title: Independent Public Accountant Roster (FR-5054)

Abstract: This rule would establish a roster of independent public accountants and public accounting firms (the IPA Roster) that would be authorized to perform audits or related services by participants in certain HUD programs and submitted to HUD. The rule would establish the eligibility criteria for placement on the IPA Roster and would also establish removal procedures for those accountants and accounting firms that fail to maintain eligibility for roster listing. HUD is proposing to establish the IPA roster because the quality and accuracy of financial data submitted to the Department begins with the selection of well-qualified accountants.
